

Indiafest

PERFORMING ARTS

"Helping Humanity through Cultural Enrichment and Entertainment"

Performing Arts gives us an opportunity to showcase the theme of **Indiafest** through a wide variety of cultural dances such as: traditional, classical, semi-classical, folk, fusion, popular movie dances, and dances from various regions of India. There will also be demonstrations of yoga, music, song recitals, or short skits - depicting a tradition, festival, or cultural events.

The highlight of the stage event is the fashion show. Our local beauties become models and take to the runway in colorful traditional Indian outfits. As they move to the toe tapping beats of exciting Bollywood tunes the audience will get a glimpse of the transition of traditional Indian fashion to today's hip and more modern garb.

Since 1996, **Indiafest** has gained the reputation of a well-organized festival full of entertainment, information, and cultural enlightenment. It is a much anticipated festival with overwhelming support from the community. The enthusiasm of participants, choreographers, and volunteers fill the stage with fun and excitement which makes the Performing Arts of **Indiafest** such a huge success year after year.

If you would like to be a participant, choreographer or volunteer, we invite you to register. For questions, suggestions, or comments please send e-mail to stage@indiafestbrevard.org
